Expectations across the year:

4 x NF text types as above per year (with an additional unit chosen by the teacher that aligns with progression/ expectations from surrounding year groups)

5x fiction units, where feasible, of teacher choice, ensuring a coverage of genres.

At least one poetry unit. In addition to this, poetry understanding/NC coverage to be picked up in reading/ guided reading sessions.

The children will be exposed to these text types in other curriculum areas throughout the year. This will allow skills to be applied in other subject areas.

Genre coverage is monitored by the subject leader as part of the school's moderation process.
