

St. Andrew's School Song

Excitement each day, we're learning different
things,
Our teachers help us be the best we can.
Together we learn, together we play,
All together we can grow each day.

*This is our school, St. Andrew's,
A happy place to be.
Sure enough, together
We are a family.
Somewhere to belong,
Where we always get along
So every step we take, we take together
Hand in hand.*

Full of compassion and things you love to see,
Teamwork and responsibility.
We help each other to always persevere.
Nothing is impossible to do.

*This is our school, St. Andrew's,
A happy place to be.
Sure enough, together
We are a family.
Somewhere to belong,
Where we always get along
So every step we take, we take together
Hand in hand.*

Every person counts, if we are big or small,
Each of us is special in our own way.
Everybody shares and everybody cares,
What an amazing place it is to be!

*This is our school, St. Andrew's,
A happy place to be.
Sure enough, together
We are a family.
Somewhere to belong,
Where we always get along
So every step we take, we take together
Hand in hand.*
