

If you choose for your child to attend the school, you will need to abide by the following conditions.

**PLEASE TICK EVERY SENTENCE TO SHOW YOU HAVE READ AND AGREED.**

**Drop off/collection**

- My child will enter the school through the designated entrance for my Year group and leave by the same entrance. They will have a **5 minute window** from the start of the time set out below.

**YEAR 5 Arrive between 9.20-9.25 a.m. through School's main entrance.**

**Leave 12.30 p.m. through School's main entrance.**

- I understand that no parent/carer will be allowed into the building (unless in a medical emergency) communication should be by phone or email only.
- My child will be supervised to and from school each day.
- My child will arrive with a water bottle and snack

**Health risks**

- I understand that the school and parents/carers need to undertake as stringent practice as possible to reduce the risks of transmission of the virus (and other illnesses).
- I understand that the adults working in the school will try to maintain common sense in terms of social distancing whilst working with the children; however, they are caring for the children and therefore may work closer than 2 metres with them.
- I understand that whilst the school and all staff will endeavour to regularly clean the areas used; will engage in frequent hand washing and will abide by rules for clothing/showering etc. we are unable to guarantee a virus-free school.
- I will shower/bath my child, including their hair, when they get home (to reduce the risk of transmission).
- I understand that my child will be using hand sanitiser gel frequently through the childcare session. I will provide hand cream (labelled) if my child's hands become sore.

**Clothing/personal items**

- My child will wear clean school uniform each day (to reduce the risk of transmission). If shoes are too small the wearing of alternative closed toe shoes will be permitted; please contact Mr Hodgson to clarify. We do have PTFA donated uniform to help families if children have grown out of trousers sweatshirts and polo shirts.
- My child will not bring any items to the school from home with them except necessary medication (handed to member of staff on arrival).

### **Medication/Illness**

- I will not bring my child to the school if they have any symptoms of coronavirus or if anyone in the household has symptoms. I will isolate my child and the whole household for 14 days if this is the case and will inform the school immediately by email to [head@st-andrews.lincs.sch.uk](mailto:head@st-andrews.lincs.sch.uk).
- I will not bring my child to school if I am in any doubt whether they are showing symptoms of other illnesses (e.g sickness etc).
- If my child has medication for asthma, allergies or other conditions, I will ensure that they have the medication with them every day in a labelled container.
- I understand that this medication will come home every day (in case the school has to close without notice). It is my responsibility to ensure that the medication is in date.
- I understand that if my child needs any other form of medication, I will need to complete a 'Medication Form' (available via email). Administration of medication will need to be agreed by the headteacher/senior leader on duty.
- I will inform the member of staff on arrival if I have given my child any medication e.g. Calpol, before they come to the school.
- I understand that if my child becomes unwell during their time in the school, they will be immediately placed in isolation (in accordance with government guidance) and I will be contacted and asked to collect them as soon as possible. If I can't be reached, the other contacts given will be called – I have ensure these are all up-to-date.
- I understand that the school staff will not have to prove or justify their decision about a child's illness. If they think a child is unwell they will act accordingly.
- I understand, and give my permission, that if my child falls dangerously ill the staff will contact medical services as well as contacting me.

### **Coronavirus symptoms (as of 21<sup>st</sup> May 2020)**

- I have read, understood and know the symptoms associated with COVID-19 (mentioned below) as of the date above.
- I will continue to educate myself with the changes to these symptoms as more medical evidence is gathered.

### **Main symptoms**

The main symptoms of coronavirus are:

- high temperature – this means you feel hot to touch on your chest or back (you do not need to measure your temperature)

- new, continuous cough – this means coughing a lot for more than an hour, or 3 or more coughing episodes in 24 hours (if you usually have a cough, it may be worse than usual)
- loss or change to your sense of smell or taste – this means you've noticed you cannot smell or taste anything, or things smell or taste different to normal

Most people with coronavirus have at least one of these symptoms.
