COVID -19 Information

As you are aware we have a full Risk Assessment in place to ensure risk is kept to a minimum in the school day. We are ensuring regular handwashing; at least 2 sanitising stations in each class and on entry to school.

Although we are continue to work tirelessly to reduce the risk, we cannot fully guarantee the risk is gone completely. Therefore it is important to be prepared for any potential LOCAL LOCKDOWN or SCHOOL CLOSURES.

1. Pupils will be encouraged to use Mathletics, TTRockstars, Spellingshed, Activelearn for the first few days. All logins will be sent home to keep.
2. TEAMS (Y1–Y6) and TAPESTRY (YR) will be used to set learning and allow for parents and teachers to work as a partnership – please encourage your children to show you how to access this.

Internet Safety

Year 5 parents we would like to make you aware of the issues we are having to deal with in school regarding the inappropriate use of technology and Social Media from out of school. This also applies to some games that have 18 ratings yet children in school are playing these. These games contain inappropriate material that is repeated by the children in school and has an impact on their behaviours.
